DAY 1 RURRENABAQUE – SAN MIGUEL DEL BALA

We meet in Rurrenabaque and head to the port, where the bote waits for transporting us during 40 minutes by Beni River inside the jungle till Eco-Hostel San Miguel de Bala. With the local guide we walk by the rainy forest for learning the old hunting techniques from Tacana's. We return to the lodge for lunch. During the afternoon we have a short walking to San Miguel Community, the guide tells us boat daily life, crops, building techniques, religion, crafts, customs and traditions from the place. We have dinner and overnight at the hostel.

DAY 2 SAN MIGUEL DEL BALA

After breakfast we sail by the river until our destiny there we begin an adventurous walking following a brook by the rainforest. During the way the guide explains about wildlife present. We get into a natural pool with clear water of a beautiful waterfall where you can take a refreshing swim. We back to Eco-lodge where a lunch waits for us then take a nap in the hammocks. During the afternoon we go for a walk in an area full of medical plants named "La farmacia de San Miguel" (San Miguel Drugstore). After dinner unless visitors prefer to relax the guide takes them for a walking in the darkness forest. From the Eco- lodge you can borrow lanterns for having a better view from animals that are alive at nights such as nocturnal monkeys.

DAY 3 SAN MIGUEL DEL BALA – RURRENABAQUE

Seeing the first sunlight's we have breakfast before traveling by Tuichi and Beni River passing by the famous mountains Del Bala to Caquihuara inside National Park Madidi. During the trip there are good opportunities to see capybaras', monkeys and other mammal's drinking water from the river or swaying over the tree branches. In Caquihuara you can see blue and red macaws in danger of extinction they only live on a special mud wall. With a beautiful view from the macaws over our heads you have lunch at a picnic style. For those who desires to take a bath or throwing a hook waiting for a fish to swallow. Return to San Miguel Eco-Hostel by the same rivers. Return to Rurrenabaque at sunset.
