

WILD NATURE AND INDIGENOUS CULTURE

Route: Lowland Culture - Ecotourism
Duration: 4 days / 3 night
Starts and ends in: Rurrenabaque
Guide: Spanish speaker
Difficulty: Easy
Comfort: Good

DAY 1 RURRENABAQUE – SAN MIGUEL DEL BALA

We meet in Rurrenabaque and head to the port, where the bote waits for transporting us during 40 minutes by Beni River inside the jungle till Eco-Hostel San Miguel de Bala. With the local guide we walk by the rainy forest for learning the old hunting techniques from Tacana's. We return to the lodge for lunch. During the afternoon we have a short walking to San Miguel Community. Here the guide tells us boat daily life, crops, building techniques, religion, crafts, customs and traditions from the place.

DAY 2 NATURAL POOLS AND JUNGLE WALKING

After breakfast we sail the boat by the river, until our destiny where an adventures walk begins following a stream through the rainforest. During the way the guide explains about wildlife present. We get into a natural pool with clear water of a beautiful waterfall where you can take a refreshing swim. We back to Eco-lodge where a lunch waits for us then take a nap in the hammocks. During the afternoon we go for a walk in an area full of medical plants named "La farmacia de San Miguel" (San Miguel Drugstore). After dinner unless visitors prefer to relax the guide takes them for a walking in the darkness forest.

DAY 3 SAN MIGUEL DEL BALA

After breakfast, begins your trip of 1 hour and a half Beni River. Then you entrance to Madidi National Park through Tuichi River, a private and small river that allows you better possibilities to see animals and birds. Once installed in cabins, you can stay relaxing or go out to explore surroundings. A San Miguel de Bala count with eight paths takes you into the deep forest that surrounds cabins. Each path vary in length and difficulty, and the guide let you decide as group where and the level path you would like to take. After dinner your guide takes you for a night walking. Appreciate sounds and how jungle life changes and transforms at nights.

DAY 4 SAN MIGUEL DEL BALA – RURRENABAQUE

During the morning we take a walk where we have the opportunity to see monkeys, troop pigs, tapirs, agoutis and other wild animals; it is a great chance to have huge events with wildlife. The path passes through areas of great natural beauty, with plenty fruits and salitral (a cave with salt land) that attracts wildlife. We visit the Natural canyon 150 meters long, the formation of rocks is so narrow during the trip that you can touch both sides at once. Return by boat to Eco- hostel for lunch. Afternoon is available for every visitor, you can visit to the interactive center about Tacana's culture, practice shots, during dry season explore carved stones or just enjoy the quite atmosphere, the sounds of the jungle and the roar of the river from your hammock. Return to Rurrenabaque at sunset.
